In re: Gow Communications, LLC  
KGOW(AM), Bellaire, Texas  
Facility Identification Number: 17389  
File No. BMP-20070510AAF

Dear Mr. Arango:

On May 10, 2005, Gow Communications, LLC (Gow) filed the application BMP-20070510AAF) to change the nighttime site and pattern. The staff granted the unopposed application on January 15, 2009. On May 14, 2009 Siga Broadcasting Corporation filed an Informal Objection against the granted construction permit BMP-20070510AAF. For the reasons set forth below, we dismiss the Informal Objection.

Section 73.3587 of the Commission's rules mandates that an Informal Objection be filed before Commission action on an application. As noted, the staff granted Gow's unopposed application on January 15, 2009. The Informal Objection therefore is not timely filed and will be dismissed without further review. See *Aspen FM Inc.*, 12 FCC Rcd 17852, 17856 (1997) (affirming staff dismissal an untimely of an informal objection not filed prior to grant of an application).

Accordingly, in light of the above discussion, the May 14, 2009, Informal Objection filed by Gabriel Arango (Siga) IS DISMISSED.

Sincerely,

Son Nguyen
